

Photo/Audio/Video Release Form

Throughout the school year and/or summer program at Grace Christian School (GCS), there may be times when the school or its employees may take photographs and/or audio or video recordings of students and/or their work at GCS. These still images and/or audio or video recordings may be used in the methods listed below. At times, the administration, teachers, support personnel, and/or coaches also like to celebrate our students on their personal social media such as Facebook, Instagram, or Snapchat using photographs and/or audio or video recordings.

Please complete this form for your children who attend GCS and return it to the school upon enrollment.

Check each of the following as they apply to which permissions are granted or not granted.

Please note that if this form is not returned within the specified timeframe above, the school will assume that permission has been granted for the release of this information. All permissions whether inferred or written will remain in effect indefinitely until revoked in writing. I agree that all rights to the sound, still, or moving images and recordings belong to GCS or the employees. If permission was not granted, I understand that I may grant permission at any time by completing another Photo/Audio/Video Release Form and submitting it to the school.
